

Hard Cubes® 1 kg

Description

The Hard Sugar Cubes are an iconic staple product from Tiense Suiker, and have been in production since 1905. The Hard Sugar Cubes are produced using sieved, refined granulated sugar. The sugar is heated and moistened with steam, after which the cubes are individually moulded (compressed) and dried. Once they have cooled and matured, they are packaged. A wonderful feature of this product is the groove, which has made it easier to measure out the sugar since 1995. As well as the handy groove, the greatest strength of this classic sweetener lies in its composition: the sugar cubes sweeten hot drinks perfectly and evenly, meaning that the sweetness can be savoured right down to the last sips and prevents that typical layer of residual sugar from forming at the bottom of the cup.

Characteristics

- White crystallised sugar cubes
- Very high purity
- Rapid and complete solubility of the crystals
- Parallelepiped, regular shape with a groove
- Weight: $\pm 6,25$ g

Advantages

- Well-known standard product
- Dissolves completely, leaving an intense sweetness with no residue in the cup
- Easy to break in half and measure out thanks to the groove

Usage

- To sweeten hot drinks/beverages
- To dip into hot drinks such as coffee, tea or cognac

Hard Cubes® 1 kg

Wrap: 9 x 1 kg

Artikelcode: 42160008

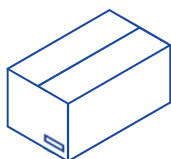

Unit

EAN-code: 5410256600087

Net weight: 1 kg

L x W x H: 225 x 47 x 97 mm

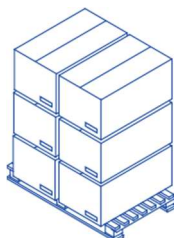

Groupage / Wrap

EAN-code: 5410256160086

Net weight: 9x1 kg (9 kg)

L x W x H: 285 x 220 x 141 mm

Delivery / Pallet

EAN-code: 5410256260083

Number of cartons: 104 (8 x 13 CRT)

Net weight: 936 kg

Gross weight (without pallet): 975,52 kg

L x W x H (height without pallet): Eurochep 120 x 80 x 113 cm

Specification

Legal compliance

Hard Cubes is a food and compliant with the relevant provisions of the European Food Law, the European Regulation (EC) No 178/2002 ("General Food law").

The sugar used for the production of Hard Cubes complies with the requirements of Directive 2001/111/EC; the additives used comply with Regulation (EU) No 231/2012.

Additional Information

- **Allergens**

Hard Cubes do not require allergen labelling according to Regulation (EU) No 1169/2011.

- **GMO**

Hard Cubes do not require authorisation, labelling or traceability of genetically modified food and feed according to Regulations (EC) No 1829/2003 and (EC) No 1830/2003.

Storage and stability

- **Shelf-life**

According to Regulation (EU) No 1169/2011, Annex X, an indication of the date of minimum durability ('best before'/'used by' date) is not required for solid sugar.

- **Storage-conditions**

Sugar retains its specific properties and can be stored for virtually an unlimited time under the following conditions:

- Recommended storage conditions Temperature $20\text{ °C} \pm 5\text{ °C}$
- Relative humidity below 65 %
