

Statement

Food Contact Materials

Issued on 6/01/2020

To whom it may concern

We herewith declare that packaging materials, used for the packaging of the products of FrieslandCampina North West Europe, are suitable for the packaging of foodstuffs.

To the best of our knowledge and based on the information from our packaging suppliers, none of our packaging materials contain harmful substances which could be a threat to consumers health.

Where applicable, packaging materials are in compliance with following European legislation, including amendments.

- Commission regulation EU 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food
- Regulation EC 1935/2004 of the European Parliament and of the council of 27 October 2004 on materials and articles intended to come into contact with food and repealing directives 80/590/EEC and 89/109/EEC
- Commission regulation (EC) 1895/2005 of 18 November 2005 on restriction of use of certain epoxy derivatives in materials and articles intended to come into contact with food
- Commission regulation EC 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food
- Council directive 85/572 EEC of 19 December 1985 laying down the list of simulants to be used for testing migration of constituents of plastic materials and articles intended to come into contact with foodstuffs
- European Parliament and council directive 94/62/EC of 20 December 1994 on packaging and packaging waste

On behalf of FrieslandCampina North West Europe,

Marijke Hillen
