PRODUCT DESCRIPTION

EP N°	EP19.03
PRODUCT DESCRIPTION	Virgin fiber cardboard
GRAMMAGE	All types
CARDBOARD TYPE	Virgin

COMPLIANCE STATEMENT

The cardboard complies with:

- Directive 1935/2004 / EC. Relevant materials intended to come into contact with food.
- Directive 2023/2006 / EC. Concerning Good Manufacturing Practices for materials intended to come into contact with food.
- BfR Recommendation on food contact materials - XXXVI Paper and board for food contact (1st September 2017)
- Directive (EU) 94/62/EC on packaging and packaging waste
- Regulation (EC) No. 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), Annexes XVII or XIV

And their amendments as to date of this statement

CONDITIONS OF USE

This cardboard quality may stand in direct contact with dry and greasy foodstuff*. No comments are given on the technical suitability of the requisite concerned

MINERAL OILS

Currently there are no maximum limits of MOSH and MOAH laid down for direct contact materials within European legislation.

We can confirm that no mineral oil aromatic hydrocarbons have been detected (detection limit 5 mg/kg)

FLUORIDIZED SUBSTANCES**Danish order (Bekendtgørelse nr. 681 af 25. maj 2020)**

We herewith declare that based on the best of our knowledge, information given and/or test results by our suppliers; PFAS (PFOA and PFOS) components have not been added to the board during manufacturing or are part of the product composition.

Currently no methods are available to determine migration of the traces present.

VALIDITY

This statement is valid until relevant product and/ or process changes occur or in the event that changes in legislation occur regarding our products.

DISCLAIMER

This declaration is only valid under the following conditions:

- The product is used in normal intended conditions and purposes (use).
- No changes and / or substances (intentional, non-intentional and / or through use) are applied to the product and / or added that the nature and composition (a degeneration and / or a denaturation) of the product could be affected.
- The product may only be used for the foods, contact times and contact temperatures stated in this declaration.

Limiting factors:

- Our products are only suitable for single use. When re-used, mechanical and / or other properties are changed, the food suitability is not guaranteed and is not covered by this document.
- Our products are not suitable for packaging food for infants.

It is the sole responsibility of the user to check and test whether the product is suitable for its intended use, the shelf life of the food, the compatibility between the food and the product. This declaration is intended exclusively for our direct customers. Packaging Donckers takes no liability whatsoever to any third party.

It is the sole responsibility of the user to test whether the product does not alter the organoleptic properties and / or composition of the food.

The information stated in this statement was provided by the supplier of the relevant product(s).
