- KG-Flon 300 black
- KG-Flon 403 black
- KG-Flon 602 black
- KG-Flon 602 green
- KG-Flon 609 black
- KG-Flon 609 green
- KG-Flon 699 blue
- KG-Flon 704 black
- KG-Flon 704 green
- KG-Flon 734 green
- KG-Flon 750 red
- KG-Ceramic 77 black
- KG-Lotus 777 transparent

are safe for use in the food industry when used properly.

Furthermore, they are compliant with the regulations of the European Parliament VO(EG) 1935/2004 EG as well as VO(EG) 2023/2006 and the Food, Commodities and Feed Code of 01. September 2005.

We confirm that our coatings do not fall under the EU standard 10-2011.

We further confirm that our coatings are approved according to BFR (Federal Risk Assessment Office) Recommendation LI for the health assessment of materials and articles for food contact within the Food and Feed Code, 164th notice, federal health sheet 27, 190 (1984), including 213th notice, federal health sheet 54, 666-668 (2011), as of 01. March 2011, regarding migration behavior.

Best regards

KEMPF GmbH
